U. S. REJECTS BID TO THE HAGUE CONFERENCE

WONT TREAT WITH RUSS UNTIL THEY GIVE FREEDOM

TO LABOR AND RESPECTS RIGHTS AND PROPERTY OF OTHER NATIONS

WILL JOIN ALLIED COMMISSION TO INVESTIGATE WHAT REMEDIES ARE REQUIRED

(By United Press.) Washington, May 16.—The administration today stood pat on its determination not to recognize the Soviet government of Russia.

Allied dealings with Russia at Genoa and attempts in congress to force recognition have failed to change the administration's attitude.

This was clearly shown today in the note of Secretary Hughes rejecting the invitation to the United States to participate in an allied conference at The Hague June 15th, in which Russian affairs will be discussed.

The American government makes plain that it will not consider recognition of Russia or enter negotiations regarding the Soviet until fundamental reforms are instituted by the Bolsheviks.

The United States, however, is ready to put its view to the test by joining an allied commission to investigate what is wrong with Russia and what are the remedies. It is considered that such a commission, by making a real investigation of the Russian situation, would come to the same conclusion held by this government, namely, that the basis of economic reconstruction of Russia and assumption of international relations lies only in Soviet guarantees of safety of life and property, of sanctity of contracts, and the rights of free labor.

Until the Soviet clearly gives these guarantees, it is futile to negotiate with the Russians in the hope of affecting an economic restoration in their country, this government holds.

Call Off Hague Conference

Genoa, May 16.—America's refusal to approve The Hague plan makes it extremely probable that the proposed conference to appoint a Russian commission will be called off.

The French today indicated they will follow the lead of the United States, and the Russians withdrew their acceptance and asked for a 24-hour delay to consider a new report.

The allies, desperate at seeing their hopes for a renewal of the European conference at The Hague next month fade, planned a new note to Washington. They refused to accept the American reply as a final rejection of their invitation.

May Participate If Program is Modified

Washington, May 16.—The American government in its note refusing the invitation to meet the allied powers at The Hague June 15th to discuss Russian affairs, has left the "door open" for their participation in the conference if the program is modified, it was officially stated at the White House today.

Just what modifications are necessary for the United States to attend the conference was not officially revealed, but it is believed this government will insist that the Soviet government agree to guarantee lives and property, the sanctity of contracts and the right of free labor which heretofore have been made a requisite to American recognition.

French Will Not Send Delegates

Paris, May 16.—The French cabinet today decided to refuse to send delegates to The Hague conference to consider the Russian question if the proposed conference is in any respect political.

Only if the conference in the peace palace next month is limited strictly to economic suggestions, will the French attend.

Premier Poincare cabled to Washington informing Secretary Hughes that the French point of view towards the proposed The Hague conference coincided with that of the American government. He added that France had reached her decision before learning of the United States action.

DESTRUCTION OF POLISH LEGATION IS THREATENED

(By United Press.) Washington, May 16.—Destruction of the Polish legation in Washington and the Polish consulates throughout the United States and Canada is threatened in a letter received by Senator Willis of Ohio.

The letter was mailed at Cleveland, May 14. This is the second time that Willis has received threats to blow up the Polish legation and consulates. The new threat warns "people to keep away from the consulates after July 1 because it will be blown up by bombs."

Alleged cruelties of the Polish government was given as the reason for the threats.

FIRE BREAKS OUT ON ROOF OF TREASURY BUILDING FOR 3D TIME

(By United Press.) Washington, May 16.—Fire broke out on the roof of the United States treasury building today for the third time in the past two months.

Couldn't Find Fire

Washington, May 16.—Firemen from half a dozen fire engines which surrounded the United States treasury at 1 p. m. today could find no fire.

Smoke which came from a chimney, but which at a distance made it appear the roof was burning, caused someone to turn in a false alarm.

U. S. COURT DECISION WILL NOT AFFECT STATE FUTURES LAW

JACOBSON SAYS STATE LAW WILL PREVENT GAMBLING IN GRAIN; WILL BE ENFORCED

(By United Press.) St. Paul, May 16.—Action of the United States supreme court in ruling illegal parts of the federal "grain futures" law will have no effect whatever on state laws governing grain exchanges.

Grain brokers and state officials agreed on this point. The state anti-grain gambling law is regulatory and imposes no tax as did the federal law. "Short selling is not a violation of the state law," said a member of the Minneapolis Chamber of Commerce, largest grain exchange in the northwest.

"So far as we are concerned, the Minnesota laws have been in effect right along. We have done nothing contrary to orders."

"Short selling" is the process of selling wheat without having it on the chance that you will be able to buy some for less than the sale price, and thereby profit on delivery.

"The state law says that it is illegal to make such sales when the delivery of grain is not intended," said one dealer. "Evidence must be obtained before prosecution to prove that actual delivery was not intended."

O. P. B. Jacobson, state railroad and warehouse commissioner, said the state law would be enforced immediately. He said it would prevent gambling in grain. The Minneapolis Chamber of Commerce recently withdrew an appeal from order of the railroad and warehouse commission putting regulations into effect.

This was taken to mean that the grain exchanges had nothing to fear from the state law passed by the 1921 legislature.

FATHER OF TWENTY CHILDREN BEING SUED FOR DIVORCE

Minneapolis, May 16.—Mathes Nelson, 73, champion daddy of Minneapolis, is being sued for divorce. He has 20 children.

Hedwig Nelson, 47, his second wife, brought suit charging cruelty. Mrs. Nelson testified that one time when she wanted \$100 he made her sign a promissory note and pay him five per cent interest.

DAIRYMEN SAVE BUTTER MARKET FROM MONOPOLY

FARMERS THEMSELVES CAN SET PRICE OF BUTTERFAT, SAYS CREAMERIES ASSN.

By A. J. McGUIRE (Manager Minnesota Co-operative Creameries Association)

There is no other farm product in Minnesota whose price the farmers can influence as much as they can influence the price of cream or butterfat.

The price of butterfat is the only price of farm products that has not fallen below the cost of production during the past two years.

This is largely due to the fact that there are 600 co-operative creameries in Minnesota that have been a mighty factor in influencing the price of butter, and the price paid to the farmer for cream.

The co-operative creameries have not only given the farmers the manufacturers' profits, but prevented a monopoly of the butter market.

Every farmer should know the importance of the co-operative creamery to his business. The farmers who take their cream to cream stations do not realize they are helping to undermine the best market the farmers of the state have ever had. Farmers in Minnesota have received an average of 10 cents a pound more for their butterfat during the past several years than farmers have received in states that lack co-operative creameries.

While co-operative creameries are not all first class by any means, they can be made first class. They are the one market that the farmer can control at the present moment if he will. The first thing that must be done is to get to the creamery all the cream that is produced in the community. It is a shame to a farming community to have cream stations in the same town with a farmers' co-operative creamery. The second thing to be done is to have the cream delivered to the creamery in such a condition that it will make first class butter.

Cream often is spoiled through age and improper care before it leaves the farm. Cream should be cooled off in cold water immediately after it is separated, and kept cool until delivered. Every farmer should have a cream cooling tank. The well water can be made to cool the cream on the way to the stock tank. Cream should be delivered to the creamery while it is sufficiently sweet to use on the table when there is company for Sunday dinner. In the most successful creameries, the farmers co-operate in handling the cream, and get all the cream to the creamery while it is still fresh and sweet.

A third requirement for a first class co-operative creamery is good business management—management that will see that only the best butter is made, that there are no leaks or losses due to faulty machinery or workmanship, and that the butter is sold to the best possible advantage.

The co-operative creameries of Minnesota manufactured more than 100,000,000 pounds of butter in 1921, and paid the farmers more than \$43,000,000 for butterfat.

CHINESE FACTIONS RESUME HOSTILITIES FOR GOVT. CONTROL

(By United Press.) Tokio, May 16.—Hostilities between Chinese factions struggling for control of the government, have been resumed according to reports reaching here from Peking.

BANK WATCHMAN ROBBED OF \$2,000

(By United Press.) St. Louis, May 16.—Harry Ahrling, watchman of the Bremen bank, was wounded and robbed by two bandits of \$2,000 in one dollar bills while riding on a street car here today.

WRECKED AIRPLANE CONTAINS 150 QUARTS OF GOOD SCOTCH

Croton on Hudson, N. Y., May 16.—An airplane laden with liquor from Montreal crashed on a farm near here yesterday. The pilot escaped with minor injuries and fled in an automobile. One hundred and fifty quarts of Scotch were found in the ruins.

The accident led police to believe they were near the base of a new liquor smuggling plot in which airplanes are used to transport hooch across the border and well into dry territory.

ARMOUR & COMPANY ORDERED DISGORGE E. M. STANTON COM'Y

BY THE FEDERAL TRADE COMMISSION, WHICH IS HELD CONTRARY TO CLAYTON ACT

(By United Press.) Washington, May 16.—The government probably will make an effort to prevent the proposed steel merger, it was indicated today when the Federal Trade commission ordered Armour & Company to disgorge the E. M. Stanton company, meat packers of Spokane, Washington.

From a reliable source it was learned that the government attorneys believe the proposed merger of half a dozen steel companies is similar in nature to the Armour and Stanton case.

In one quarter it was stated that the Federal Trade commission probably would point out that the merger planned is in violation of certain sections of the Clayton act, and therefore illegal.

BRITAIN WILL PAY HER DEBTS IN FULL SAYS A. J. BALFOUR

MAKES PLEA FOR AMERICA'S PARTICIPATION IN RECONSTRUCTION OF EUROPE

(By United Press.) Washington, May 16.—Great Britain will repay her debts to the United States in full, Arthur Balfour, vice president of the association of Britain's Chambers of Commerce, told the convention of the Chamber of Commerce of the United States here today.

"There is absolute determination of the British people to pay the whole amount they owe at the earliest possible moment," Balfour declared.

Balfour made a plea for America's participation in the reconstruction of Europe. The burden of reconstructing Europe and keeping peace rests upon the Anglo-Saxon shoulders, Balfour said.

Without complete cooperation of Britain and the United States, there can be no permanent peace in the world, he said.

Balfour painted a dark picture of Germany. In deliberately debasing her currency, Germany paved the way to chaos and disorder, he said. "She is about to reap the whirlwind by a terrific collapse of her internal trade," the speaker declared. This trade and an appearance of prosperity followed in the wake of the veritable oceans of marks printed after the war, Balfour said.

"The bogle of German competition all over the world has been run to death for political purposes," Balfour declared.

The Germans now have no confidence in their own currency or in no position to give serious competition.

OKLAHOMA SOLON ADVERTISES STUNT FLYING OVER CAPITAL

(By United Press.) Washington, May 16.—Representative Manuel Herrick, of Oklahoma, who gathered great notoriety several months ago when he tried to pass a legislative ban on beauty contests again loomed into the congressional limelight today with a promise to exhibit stunt flying over the city late this afternoon.

"Manuel Herrick, the aerial daredevil of congress, will give exhibitions of daring stunts, flying over the capitol and the city of Washington late this afternoon," said an announcement which Herrick himself handed to the press.

The Oklahoma congressman promised nose dives, tail spins, the falling leaf, and "all the other stunts of which a dare-devil aviator is capable."

HUNTINGTON MADE PRESIDENT OF SOO LINE PROPERTIES

(By United Press.) Minneapolis, May 16.—George R. Huntington was made president of the Soo Line properties today.

Edmund Pennington retired as president and became chairman of the board.

Huntington has been vice president and general manager. He is 54 years old and started his railroad career as office boy for the Chicago, Milwaukee & St. Paul road.

Mrs. 'Big Tim' Murphy Arrested for Speeding

(By United Press.) Chicago, May 16.—These are troublesome days for the Murphy family.

With "Big Tim" behind the bars in the police drive on labor war crimes, Mrs. Murphy, his wife, was arrested on a charge of speeding while cops said she was going 42 miles an hour today.

Two men and Mrs. Fred Mader, wife of the associate of "Big Tim," also jailed here, were in the auto.

Police believed the party was collecting funds for defense of labor leaders.

A Split in Miners' Ranks By Separate Agreements Threatened

(By United Press.) Muskogee, Okla., May 16.—A split in the ranks of the striking United Miners through separate wage agreements was threatened here today.

Feeling in the convention of miners in District 21, comprised of Oklahoma, Arkansas and Texas miners, was bitter as the factions began to fight for a separate wage contracts made at Bridgeport, Texas, wherein three hundred miners accepted a reduction of 1.50 a day. Lewis administration forces were under heavy fire from insurgents.

INCREASE IN CHILD LABOR PREDICTED BY COURT'S DECISION

(By United Press.) Washington, May 16.—Thousands of children 16 years of age and younger, will soon be back at work in the "sweat shops," mines and other places throughout the country as a result of the supreme court's ruling that the child labor act is invalid.

Big employers, particularly those in the southern cotton mills region, were expected to take immediate advantage of the court's decision handed down yesterday.

That child labor is desirable and profitable is indicated in the fact that despite the ten per cent tax which has been fixed since 1919 on the production of such labor, hundreds of factories and mills have continued to employ children.

GOVT. WILL TAKE ACTION AGAINST COAL PROFITEERS

(By United Press.) Washington, May 16.—The federal government will take action against coal profiteers who have made undue increases in the prices of coal since the nation-wide mine strike started, it was stated at the White House today.

President Harding believes there is no justification other than a small buying panic for the coal increase.

The government will act through Secretary of Commerce Hoover, it was stated but just what action is contemplated was not revealed.

MRS. SHIELDS MUST REMAIN IN JAIL UNTIL AFTER TRIAL

(By United Press.) Deland, Fla., May 16.—Mrs. Alice Shields, under indictments charging her with participation in the murder of her husband, William A. Shields, formerly of Moline, must remain in jail until she is tried at the fall term of court.

Judge Perkins today denied her motion for a bail. A defense motion to continue Mrs. Shields' trial until the fall term of court, was granted by Judge Perkins.

BOOTLEGGER JAILED ON WEDDING DAY; WEDDING POSTPONED

(By United Press.) Minneapolis, May 16.—Joe Segor was to have been married today. All was set at the little church in Holdingford but Joe was not there.

Francis calls at the county jail failed to secure his release. He was arrested last night as a bootlegger. The prohibition agents who jailed him could not be found, and the wedding was postponed.

3,000 HOTELS HAVE FAILED TO TAKE OUT 1922 LICENSES

(By United Press.) St. Paul, May 16.—Three thousand hotels and restaurants in Minnesota are facing jail sentences.

This number, according to W. F. Wittbecker, state hotel inspector, have failed to procure their 1922 licenses.

Records show there are about 11,000 hotels and restaurants in the state, and only 3,000 have taken out licenses.

CHICAGO BOMBERS AND SLAYERS HAVE BEEN IDENTIFIED

OCCUPANTS OF MURDER CAR HAVE CONFESSED, ACCORDING TO POLICE

CONFESSIONS INVOLVE BIG LABOR LEADERS WHO HAVE BEEN INDICTED

(By United Press.) Chicago, May 16.—Four men have been identified as the bombers and slayers responsible for the reign of terror in Chicago, Charles Fitzmorris, chief of police, announced today.

Two occupants of the murder car from which volleys of shot were fired and pounds of dynamite hurled, have confessed, the chief states.

The men, he said, admitted the murder of Policemen Thomas Clark and Terrence Lyons a week ago, and involved two others. Bloody finger prints on the rickety auto used by the slayers lead directly to the confession detectives said.

Three of the four men are under arrest. Rifle squads were closing in on the fourth early today. Fitzmorris stated that a bartender whose saloon was used as a rendezvous for terrorists, confessed to driving the car.

This man today was removed from one outlying police station to another when a plot to poison his food obtained from a restaurant across the street was unearthed.

Confessions, according to Fitzmorris, involved "Big Tim" Murphy, Con Shea and "Frenchy" Mader, labor leaders in the plot to bomb buildings that were erected under the wage award handed down by Judge Landis. The three, however, again through their attorneys issued denials of participation either directly or indirectly in the reign of terror. All are charged with first degree murder.

It was believed that the confessions were obtained by offering to waive the death penalty if the men would turn states evidence involving the higher officials.

Judge Seaton tomorrow will rule on the petitions of Murphy, Shea and Mader for immediate trials.

HEAVY PRIMARY VOTE FORECAST IN PENNSYLVANIA

(By United Press.) Philadelphia, May 16.—The heaviest primary vote in many years was forecast today as Pennsylvania went to the polls to settle the fight for state control between the regulation state organization and the independent wing of the republican party.

Both factions consolidated on getting out the vote. All over the state elaborate plans had been worked out in advance for getting the voters to the polls. Special attention was paid to getting out the women vote which, it was realized, might become the determining factor in the contest.

The supporters of George Alter, organization candidate, and of Gifford Pinchot, independent aspirant for the G. O. P. nomination, worked up to the very last minute with Alter and Pinchot setting the example. Alter swung back to his home at Springdale near Pittsburgh today after putting the finishing touches on his campaign yesterday.

Pinchot at his home in Milford, addressed his fellow townsmen last night and today issued to his supporters a stirring appeal "to get out the vote."

STEEL MERGER IS APPROVED BY DIRECTORS OF 2 COMPANIES

(By United Press.) New York, May 16.—The Bethlehem-Lackawanna steel merger was approved today by the directors of the two companies meeting here at the offices of Kuhn Loeb & Company, bankers who are financing the consolidation.

According to the terms of the merger, Bethlehem agreed to assume all the debts and obligations of the Lackawanna Steel company, it was said.

THE WEATHER

Guinn's Dodge went into the ditch when he passed a man who had no tail lights. He swung into the ditch to clear the car and tipped, damaging wind shield, steering wheel and top.

SHARP TURNS

(By JAMES W. BROOKS)

Bad roads collect toll on every turn of the wheel and give no receipt. Unimproved roads are highway robbers and the wonder is why so many folks stand for a continuous performance in holdups.

The merchant who gambles a page advertisement on the weather and bad roads, and then declines to support the good roads committee of his town is a gambler indeed.

Pave roads are the best forms of retail insurance, and annual renewals cost far less than on any policy in road construction.

HIGHWAYS ARE "GOOD TO FAIR"

Rain Pulled Down Some Sections. Superintendents Said, But Dry Weather Will Remedy It

WEEKLY BULLETIN IS QUOTED

Sixteen District Maintenance Superintendents Report on 7,000 Mile Road System

Minnesota trunk highway conditions are classed generally "good to fair" in the weekly bulletin issued today by the state highway department on reports from 16 districts maintenance superintendents covering the entire 7,000 mile system. Recent rains pulled down some sections, superintendents said, but a few days of dry weather will mean excellent roads.

The bulletin gives this report on highways at or in the vicinity of Brainerd:

No. 2—Fair—Carlton to Moorhead. In detail, Carlton—good—McGregor—fair—Aitkin—good—Brainerd—Mottley—Fair—Staples—good—Wadena—good—Detroit—good—fair—Moorhead.

BRAINERD TO PLAY CROSBY-IRONTON HERE

(By W. G.)

Prepared to put forth a brand of baseball superior to any shown in previous games, Brainerd will mix with the strong Crosby-Ironton nine on the Koering grounds at 3:45 p. m. Wednesday.

Brainerd has beaten the range team on their own grounds, and believe they can wrest another victory on the home field. Crosby has proven himself an efficient machine by taking a victory from St. Cloud the strongest of the league. This is the closing game of the season, promising to be an exciting one, and the high school solicits the utmost support from the baseball fans.

No material change in the line-up will be made.

Aviators Were Employed By Operators Association

(By United Press.)

Charleston, W. Va., May 16.—The aviators who dropped gas and explosive bombs on the miners army at Blair Mountain were employed by Logan county coal operators association, Horace Haines, of Columbus, testified today in the treason trial of William Blizard.

LEAGUE WOMEN VOTERS MEETING

Mesdames Webb and Weber, Sixth District Delegates, Reported on Baltimore Convention

MISS ISABEL LAWRENCE SPOKE

St. Cloud State Chairman of Education in Sixth District Delivered Thoughtful Address

The League of Women Voters meeting on Saturday afternoon was a splendid success. It is seldom that a program is carried out as planned, but this one was a very pleasant exception to the rule.

Mesdames Webb and Weber, 6th district delegates to the Baltimore convention, gave delightful informal talks telling of the different notable gatherings, interesting people they had had the occasion to meet and listen to, of the great enthusiasm of the Latin American delegates upon the suffrage question in general and those laws which concerned women so greatly in their relations to their own families and the country or state in which they lived.

These talks showed very plainly that these delegates did not merely attend the sessions but absorbed everything which was usable and applicable in their own county and district.

Chairman W. C. Cobb then very appropriately introduced Miss Isabel Lawrence of St. Cloud, State Chairman of Education in the 6th district. It was soon apparent that Miss Lawrence was no stranger in Brainerd, very many of our ladies having attended the Teachers College when she was acting president of that institution. Miss Lawrence ranks as one of the foremost educators of Minnesota and this reputation was gained through actual personal work in our institutions.

She spoke chiefly about the needs of the rural districts along educational lines and the strict enforcement of laws now existing. She told of the almost unbelievable existing conditions which were uncovered during the registration period of the World War when even whole companies were found who could not read or write a word of English and were living in Minnesota which state prides itself upon its educational system.

She said that one of the great ideas implanted at the convention was that it would be well for the women to go to the bottom of things to remove the causes rather than to ameliorate conditions arising from them. She spoke very entertainingly of Mrs. Carrie Chapman Catt, Mrs. Maud Wood Park, Lady Astor, Secretary Hughes and Sir Auckland Geddes of Great Britain, telling little anecdotes connected with their talks and speaking of their personal characteristics as speakers.

The ladies all regretted that they could not have had another hour of these reminiscences, but the time wore on and a most delicious lunch

MUSICAL RECITAL

To be Given by Pupils of Miss Isabel Worden Under Auspices of Degree of Honor this Evening

A musical recital will be given by pupils of Miss Isabel Worden Tuesday evening, May 16, at 8 o'clock at Elks hall under the auspices of the Degree of Honor. The following is the program:

Sweet Violet	Norma Johnson.	Smallwood
Barbara Waltz	Lucile Preston.	Greenwald
Sack Waltz	Vernice Kaatz.	Metcalfe
Duet—My Papa's Waltz	Sara Lewis, Fern Lewis.	Streabog
Shower of Roses	Mary Lively.	Streabog, Op. 186
Golden Star Waltz	Elvina Benson.	Streabog
My Darling Waltz	Lucile Rossini.	Greenwald
Fire Flies	Ellen Berglund.	Mae Erb
Duet—Four Leaf Clover Waltz	Agnes Templeton, Helen Templeton.	Spencer
Merry Birds Waltz	Elenora Ludwig.	Fearis
At Grandpa's Farm Waltz	Katherine Anderson.	Streabog
Star of the Sea	Erodia Carlson.	Kennedy
Pearly Dew Drop	Gladys Engbretson.	Birbeck
Edelweiss Glide Waltz	Leona Bouck.	Vanderbleck
Duet—Salute to the Colors	Alice Anderson, Lucile Kocher.	R. Anthony
Farewell to the Alp	Gladys Hall.	C. Bohm
Sweet Dreams	Milly Germaine.	Lange
Evening Chimes	Alice Swanson.	Carl Heins
Duet—Under Marching Orders	Ethel Emilson, Eva Hanskie.	R. Morrison
Fairy Barque	Beatrice Sheffo.	Smallwood
Angel Voices	Eleanor Giles.	R. Goerdeler
Duet—Crown of Triumph	Helen Seigel, Mary Seigel.	P. Atherton, Op. 221
Sweet By and By	Irene Wilson.	Butler
Capraera	Gladys Holvick.	Forbes, Op. 15
Les Rameaux	Mildred Van Epps.	J. Seyback, Op. 180
Le Caprice	Mildred Jepson.	A. M. Virgil

had been planned by Chairman Mrs. E. J. Quinn. Those assisting Mrs. Quinn were Mesdames D. M. Clark, C. B. Rowley, W. H. Cleary, S. Newman, Ernest Butler, Fred Swanson and Miss Gould.

This made a very pleasant ending to an enjoyable and profitable afternoon. The League of Women Voters wish to thank very heartily all of those who contributed in any way whatever to the success of the afternoon.

ACRE OF STUMPS BLOWN UP MONDAY

Thousand People See the Explosion Tearing Out Green Oak Stumps

AT THE GEORGE McKAY FARM
Hercules Powder People Cooperated With the Local Land Clearing Association

At 4 o'clock Monday afternoon one big shot at the land clearing demonstration on Oak street, at the George McKay farm, blew up a whole acre of stumps. The loads for the stumps varied from one-half pound to five and a half pounds, and considering that these were green oak stumps this blast was one of the most successful acre blasts ever staged in Minnesota, every stump (17 or more) being shot out clean with a total of 63 pounds of Hercules 40 per cent strength dynamite.

Messrs. Schroeder and Byrnes of the Hercules company had charge of the loading. This company cooperated with the local land clearing association in putting on the demonstration.

Over a thousand people saw the acre of stumps shoot up 40 or 50 feet. A wall of black dirt and smoke flashed up with the stumps. During the day over 1500 people were at the land clearing demonstration.

DISPATCH ADS PAY

RAILWAYS SPEED UP EQUIPMENT BUYING

Minneapolis, May 16.—New York Central announced yesterday that orders had been placed with the Koppel Car Repair Co. for 1,000 55 ton cars to cost close to \$2,000 each. For the month of January the railroads placed orders for 7,960 freight cars; for February 14,771; for March 6,500; for April 29,742; for the first week of May 1,500. This makes a total of 60,523. For the 12 months of 1921 freight car orders were less than half of those for the first four months of 1922.

Production of soft coal for the week ending May 13 was 4,500,000 tons against 4,161,000 for the previous week the government reports today. This increase was due to increased production by nonunion mines. Stored coal is being drawn upon at the rate of 3,500,000 tons a week. Not a ton of anthracite is being mined.

His Reason.

A colored man said to his minister one day: "Sah, I could enjoy mah religion better if you would jes' say something new now and then instead of stamping round de pulpit and groaning." "What I lacks in lighting," said the minister, "I tries to make up in thundah."

Your mother made you take them every spring—HOLLISTER'S GOLDEN NUGGET TABLETS drive out winter's germs, impurities, cleans and purifies your system—they make you feel great all over. H. P. Dunn.

LYCEUM TONIGHT 7:15 & 9 LAST 10 and 25c
Wed. and Thurs.—MAE MURREY in "GILDED LILY"
A Paramount Special—No Raise in Prices

A PERSONAL INVITATION TO YOU

Beginning TUESDAY, May 16, and Lasting FOUR DAYS ONLY

May 16th to 19th we are making a very attractive offer on the Famous Round Oak Boiler Iron Chief Ranges and Pipeless Furnaces.

Very Immediate Offer Featuring the

ROUND OAK CHIEF BOILER IRON RANGE

The Offer

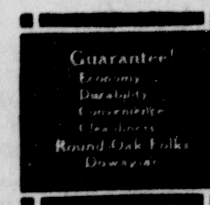

- 1—This attractive set of Glasbak Ware FREE with every Round Oak Range sold during this demonstration.
- 2—Attractive terms that will not interfere with your money plans.
- 3—This season's very lowest prices—can't be duplicated later. And we have an equally attractive offer on the Round Oak Pipeless.

Do these thoughtfully worded reasons indicate why you really owe it to yourself to possess the genuine?

We feel justified in stating that the Boiler-Iron Chief Range is the finest coal and wood burning range ever constructed. Tens of thousands of them in use, throughout the country, will endorse this statement. The oven bakes uniformly with very little fuel. It has capacity for as many as eight 9-inch pies or their equivalent at one time. The firebox burns all fuels and because of the distinctive patented advantages, does it more economically. If you desire, because of the patented improvements, you can heat water and bake at the same time. The high closet is oversize. The three-wall construction, with double the amount of usual

mineral wool, and used in more places, means a cooler kitchen in the Summer, less fuel the year around, with plenty of warmth in the Winter. The exclusive rounding corners, and the distinctive design is very pleasing to the eye. The many exclusive features are so desirable that we are sure only a personal investigation, granting us the opportunity to demonstrate, would cause you to fully appreciate the importance of the "now" in deciding. Consider this, if you please, as a personal invitation. The limited number of days that we can make this offer suggests that you investigate—may we say tomorrow?

Glasbak ware is guaranteed to withstand the heat of any oven, never chips or cracks—is easily cleaned and always looks attractive.

The Heatwik patented bottom allows free circulation of the oven heat underneath each baking dish—that means quicker and more even baking, and, of course, a saving in fuel.

Women like the Glasbak ware because they can take it right from the oven and place it on the table, thus saving extra dishes. It has a beautiful smooth lustrous finish and comes in the above assortment of pie, bread and cake pans, casserole and custard cups.

FURTHER AID TO EUROPE

IT IS well to remember, in considering the matter of extending further financial aid to Europe by the cancellation of the huge war debts, or making further large loans, that the economic reconstruction of the United States after the war made it possible for the extension of these debts, just as the lack of such methods over there has prevented recovery from the war and has furnished an excuse for the mendicant attitude of the European writers and lecturers who have been filling the press and the platforms of this country.

Further material aid to Europe at this time would be merely to assist Old World countries to continue the international policies that are preventing their recovery. Demobilization, productive employment, and budget economy will never be hastened so long as the stream of credit from the United States pours in upon them. America can render no greater service to Europe than to refuse further vast credits, insist on the liquidation of those already granted, and serve notice that no further grants can be expected from this country until elementary principles of retrenchment have been adopted.

The impression seems to be spreading abroad that the United States is wholly dissatisfied with the way European governments have conducted themselves since the war. The Genoa conference, and our refusal to attend, has been of assistance in emphasizing that view. European propagandists, however, have tried to divert attention away from contemplation of European weaknesses, and focus it once more upon American money as the only remedy for foreign ills. Did they but know it, they are doing more injury than good to their own cause, besides arousing much unnecessary resentment in the United States.

ANOTHER AUTOMOBILE TAX

A BILL providing for a new annual special tax on motor cars is now pending in Congress. The St. Paul Pioneer Press well says of this bill, in a long editorial protest against its enactment:

"Protection of property against larceny is the duty of the state to the individual without the imposition of special cost. The objection, therefore, to the automobile branding law pending in Congress is that it lays a special charge upon the owner for the protection which is a common right. Car owners are justified in the complaint that they are being taxed to an extent that singles out the automobile among all property and lays upon it a burden out of reason and proportion. * * * they will not be censured if they protest any additional cost for police service which government should furnish as part of its necessary functioning."

Still, this is not a whit more unreasonable or unjust than to put the entire burden of the heavy taxation for the building of trunk roads in Minnesota on the owners of automobiles, in addition to the present government tax. The public generally, and especially the owners of land near the highways, derive as much benefit from good roads as the auto owners. If the auto owners alone are compelled to pay for good roads a gasoline tax would in every way be fairer to all concerned, and tens of thousands of tourists who visit the state each year would also contribute to the road fund. Those who use the roads most would pay in proportion, and the burden would not be heavy upon any.

A MODEST ENGLISH SOLDIER

THE UNITED STATES has at present another distinguished visitor, Field Marshal Earl French, who was commander of the British armies in 1914 and 1915. When asked the purpose of his visit he said: "I have come to the United States for a flying visit of a few weeks—a stay for purely private reasons. I have no mission of any sort or kind, and have no public engagements of any description."

This is certainly refreshing, at least. The people of this country might well turn out en masse to greet the British hero. It is seldom indeed that we have a visitor of prominence from Europe who has not come over to advocate cancellation of our war loans, to request a huge loan, to demand our entry into the League of Nations, to take home a big bag of coin for a series of lectures, or to advise us how to conduct our domestic affairs.

For this reason Field Marshal French is thrice welcome.

EDUCATIONAL BONUS OVERLOOKED

IT IS officially stated that a recent investigation among the various American Legion posts throughout the state shows that many service men are not availing themselves of the educational bonus allowed by Minnesota. This educational bonus is available until July 1, 1924, and ex-service men are urged in an appeal issued by state Legion headquarters to avail themselves of the opportunity. All service men who received a cash bonus of less than \$200 and were citizens at the time of their discharge are entitled to an educational bonus.

THE STATE of Minnesota, it is stated in a bulletin just issued by the government Bureau of Public Roads at Washington, leads every other state in the Union in complete mileage of Federal aid roads. The official publication also shows that Minnesota is building roads at prices well under the averages in other states.

THE NATIONAL Industrial Conference Board, which has completed a survey of the clothing industry, announces that retail clothing prices have dropped 42 per cent since July, 1920, and a further decline is expected.

LISTENING to the story of coal operators, says the Detroit News, almost bring a lump to one's throat—not to one's bin.

WATER & LIGHT
BOARD COMMENTS

The Water & Light Board has had a pamphlet printed in which it sets forth the purposes of the proposed amendment and bond issue to be voted upon May 25th. These pamphlets will be distributed to every consumer of water and light and all are urged to read it carefully. Beginning with the issue of the Dispatch for the 15th instant, we reprint a portion daily to make sure that all will study and learn. Special meetings will be conducted in different places about town where these questions can be discussed.

(Continued from yesterday.)

WHY ASK FOR 6 MILLS?

Reason No. 1. To Introduce and Promote Good Business Practice

The Water & Light Board handles two commodities—water and electricity. Who will contradict that each should pay for itself? Probably none. It has not always been so. Once upon a time the water department paid for itself and the electric department did not. The earnings of the water department were used to pay off all the bonds of the electric department and since that time the electric department has been a profitable one, there being no interest to pay. Then the water department began to fall in arrears, more so every year as the old plant wore out, and the earnings of the electric department were used to help out the water department.

Our recent bond issues of \$300,000 for a new system has enabled the city to build a system which makes the department self-sustaining at even this early date. We have every reason for believing that before long we will have accomplished that most difficult task of putting the water department back on its feet for all time and have it in fully repaired and extended condition. But to accomplish that it will be necessary to keep rates high—if you call the present rates high. One reason why meter rates are what they are is because the money paid to the Board by taxation is inadequate; the payment is not determined now in accordance with the value of the service rendered. What we ask is that you enable us to use everyday acceptable business practice and to equalize the costs and rates. You want your other Boards to conduct their business in a business-like manner, then why not the Water & Light Board? Give the Water & Light Board the same opportunity to do business in a business-

like way and much misunderstanding will cease to exist.

(To be continued tomorrow.)

Building for
the Future

IN its determination to continue rendering a maximum service to the 28 million people of 11 states, the Standard Oil Company (Indiana) is mindful of the fact that these people will need gasoline and lubricating oils in continually increasing quantities as the years go by.

During the past two years the number of automobiles registered in this territory shows an increase of over 35%.

	1919	1921
Ill. - - -	478,438	670,452
Ind. - - -	277,255	400,342

Missouri - - -	244,363	343,386
Wis. - - -	236,290	342,060

The Standard Oil Company (Indiana) interprets efficient service to the community to mean the production of vast quantities of gasoline and lubricating oils of highest quality, for high quality can be of definite service to the consumer only when he can obtain the products he needs when he wants them.

The comprehensive distribution system maintained by this Company makes this possible, for the Company has brought into play every unit of its enormous manufacturing and distributing organization, from the refinery to the bulk station, to the dark green tank wagon that patrols the highways and byways.

As the need for increased facilities becomes apparent, the Board of Directors of this Company expands its activities, not merely to meet the immediate need but always to keep a step ahead.

It is this anticipatory service which has made this Company a leader in its field.

CITY COUNCIL ELECTS OFFICERS

Fire Chief, Drivers, Dairy Inspector, Health Nurse, City Clerk, City Engineer, Etc. Named

SALARY SCHEDULE ADOPTED

Bids for Paving About 27,000 Yards Are to Be Opened on June 1st

ELECTION AT COUNCIL MEETING ON MONDAY

Fire Chief—Henry McGinn.
Fire Truck Drivers—F. A. Reinhart, MacNeal McCulloch, Frank W. Fuller.
City Dairy Inspector—Dr. R. A. Hallquist.
City Health Nurse—Miss Eula Michael.
Janitor and Sanitary Police—James Buley.
City Clerk—Mrs. Elizabeth Fleener.
City Engineer—Robert T. Campbell.

All councilmen were present at the Monday evening meeting except Alderman F. M. Koop. President J. H. Strickler presided.

Salary Schedule Set

The council adopted the following salary schedule for the year commencing May 1:

	per mo.
City Attorney	\$125
Fire Chief	25
Fire Truck Drivers, each	100
Chief of Police	125
Police Captain	115
Patrolman	110
Traffic Police	110
City Health Officer	50
City Dairy Inspector	50
City Health Nurse	70
Janitor and Sanitary Police	100
City Treasurer	40
City Clerk	135
City Engineer	\$2500 per annum.

Resigns as City Clerk

Geo. W. Grewcox, city clerk the past year, offered his resignation to the council and requested the council to name his successor at as early a date as convenient.

On motion of Aldermen Anderson and Cordes, carried, the resignation was accepted.

On motion of Aldermen Anderson and Holmstrom, carried, a vote of thanks was extended the retiring city clerk in appreciation of his services.

Mr. Grewcox and family will remove to Minneapolis, where he will engage in business, having purchased a cash and carry grocery store in North Minneapolis.

New City Clerk

Mrs. Elizabeth Fleener was unanimously elected city clerk to succeed Mr. Grewcox. She has had much experience in city and county office work, served as a deputy city clerk at one time also as a deputy in the county treasurer's office. She has a wide acquaintance in Brainerd. For a month last fall she was deputy city clerk to Mr. Grewcox, and for the past two months has been engaged in checking of special funds of the city relating to the coming paving proposition.

Fire Chief

Henry McGinn was unanimously re-elected fire chief.

Health Officer

There were three nominees for health officer. Two ballots were taken.

First ballot Dr. B. I. Derauf 4, Dr. E. F. Jamieson, 2.

Second ballot. The second ballot was a repetition of the first. Consideration of the election was on motion laid over to a further meeting.

There were no contests in the other elections.

On motion of Aldermen Lyonais and Holmstrom, carried, the salary resolution was adopted.

On motion of Aldermen Anderson and Cordes, carried, bills were ordered paid.

Application was made to the council for a renewal of the lease of the Brainerd Business College which was granted.

Traffic Ordinance

On motion of Aldermen Lyonais and Quamstrom, carried, the traffic ordinance was passed, all voting aye.

Band Contract Renewed

The band contract for 1922 was renewed, on motion of Aldermen Lyonais and Cordes, carried. Location of concerts is left to the council.

On motion of Aldermen Anderson and Holmstrom, carried, the city engineer is to prepare an amended assessment on lateral sewer c5a, Dis-

trict No. 3, which sewer is in Block 1, Second Addition to Brainerd.

The council discussed the improvement of Ash avenue from Mill street towards Lum Park hill.

The clerk was authorized to pay the renewal premium on the city treasurer's bond.

Gas Stations

The Imgrund Auto Co. and the Lively Auto Co. were granted permission to install and operate gas and oil filling stations.

The special committee of the council appointed at the May 1st meeting to confer with the county commissioners reported that the board of county commissioners endorsed the proposed re-routing of Trunk Highway No. 2, and referred the matter of the drainage question in Southeast Brainerd to the city and county engineers and the laying out of a new road along the southern city limits to the above officers also. The board is ready to pay cash for the paving of Laurel street abutting the court house property when the paving is completed.

The city engineer requested further time in the matter of the Northern Pacific fence location on Laurel street between 17th and 18th streets.

On motion of Aldermen Cameron and Quamstrom, carried, A. I. Anderson was given permission to cut in on the Southeast Brainerd sewer, on 14th street between Quince and Rosewood.

Consideration of widening Ash avenue was laid over to another meeting.

City Engineer Campbell reported on the curbing and grading of Crow Wing avenue.

Dumping Ground Complaint

Mayor F. E. Little reported on John L. Cox's complaint regarding the dumping grounds in West Brainerd.

On motion of Aldermen Anderson and Holmstrom, carried, it was referred to the mayor with power to employ a man to clean up the grounds. A petition was read of citizens in West Brainerd protesting conditions.

It was moved by Aldermen Michael and Cordes, carried, that Mr. Buley give four hours a day under supervision of the mayor in sanitary work about the city.

Street Cleaning Machines

City Engineer Campbell and Alderman Cameron reported on several types of street cleaning machines. Alderman Michael moved that the city purchase a machine subject to the approval of the finance committee. It was seconded by Alderman Cameron providing sufficient funds were available. A machine favored is the "Kindling Squeegee", price \$1250.

Transfer of Funds

On motion of Aldermen Lyonais and Holmstrom, carried, a transfer of \$1250 is to be made from the emergency to the general fund. On roll call all voted aye.

Standing Water

In the complaint made regarding standing water at the corner of Kingwood and Ninth streets it was reported that a broken pipe leading to the catch basin had caused the overflow. Similar conditions exist at Forsythe street and Third avenue.

Evergreen avenue leading from Fir

IMPROVING ASH AVE. AND MILL ST. N. E.

Contractors Clusian & Kirk to Do Considerable Grading and Surfacing on Roads

5 BLOCKS ON ASH, MILE ON MILL

Roadbed to be Graded Up and Side Ditches Provided for Proper Drainage of Same

Clusian & Kirk, contractors, have commenced the grading and clay and gravel surfacing of Ash avenue and Mill street. Ash avenue is to be so improved five blocks, from Third avenue to Mill street. Mill street is to be improved a mile, from Ash avenue to the Mississippi river bridge.

The roadbed is to be graded up and side ditches provided for the proper drainage. The slight rise between Third and Fourth avenues will be graded down to a depth of two feet.

The curve approaching the south end of the Mississippi river bridge has been widened an additional six feet. It will enable cars to pass each other safely at the east end of the bridge.

NOTICE

The S. A. F. and Sons of Norway will have a 17th of May gathering at the Danish-Norwegian Lutheran church on Oak and 10th, at 8 o'clock p. m. Everybody welcome.

street to the cemetery was reported in need of repair and on motion of Aldermen Cordes and Lyonais, carried, it was referred to the street committee and city engineer.

On motion of Aldermen Lyonais and Quamstrom, carried, the clerk is to notify the water and light board about a leak on Norwood street between 16th and 17th streets.

On motion of Aldermen Michael and Lyonais, carried, the street committee is to investigate "mushroom lights" and report. They are traffic lights to be placed at intersections and extend about 8 inches above the pavement and are fitted with a barred grating and lined with glass.

Paving Bids

Bids for paving, about 27,000 yards, are on motion of Aldermen Michael and Lyonais, carried, to be opened June 1.

Alderman Michael reviewed the finances pertaining to the re-paving project. A discussion followed on property delinquent in taxes abutting the repaving project.

The clerk is to notify Earl Koop to appear before the council in his claim next meeting June 5.

On motion of Aldermen Quamstrom and Cameron, carried, the telephone company was ordered to remove certain poles designated.

TWO LEGS BROKEN AT BASEBALL GAME

Dykeman Team Defeated Long Lake 7 to 2, Earl Davis Run Down on Second Base

STRUCK BY RUNNER, LEG BROKE

Ed Persson's Little Girl Fell Out of a Flyover Shortly After and Broke Her Leg Too

Big league games have been so exciting that fans died of heart disease when a home run was pounded over right field fence. But the big league has nothing on the bush league in Crow Wing county.

At the game between Dykeman and Long Lake, when the Dykeman farmers licked the Long Lakers to the tune of 7 to 2, two legs were broken during the fray.

Bert Thompson, while stealing second, ran full head on into the second baseman, Earl Davis. The latter held his ground and put out Thompson, but at the cost of a leg. Davis' leg snapped between the ankle and the knee and the crack sounded like the pop of a giant fire cracker. As Davis toppled over, he yelled: "Well, Thompson, I put you out any way". The injured man was rushed to the Northwestern hospital in Brainerd and Dykeman continued its winning streak.

The excitement was so intense that Ed Persson's little girl leaned too far out of the family flyover, lost her balance, came down in a heap and broke her leg.

When C. L. Fidler, one of the fans, returned home he found that his mother-in-law had been taken to a hospital in Brainerd to be operated on.

Philathea Bible Class

The Philathea Bible class of the M. E. church will hold their monthly business meeting Wednesday evening, May 17th, at the home of Mrs. Paul Clarkson, 403 North 3rd street. Visitors are welcome.

They get lazy quite often—your BOWELS—BUT HOLLISTER'S GOLDEN NUGGET TABLETS will wake 'em up and make 'em hustle. H. P. Dunn.

Children's Sox Pretty Attractive Styles

Do you not always delight in seeing a child in summer costume when sox form a part of that dress.

Not only are the new ones most stylish but they are such as you will delight in having the child wear. And they are reasonably priced too.

Dainty Handkerchiefs Reflecting the Season's Styles

Gingham handkerchiefs, colored linen handkerchiefs, daintily embroidered white linen handkerchiefs. Yes, every kind that is making that necessary dress accessory attractive and a delight to carry.

We invite you to see the new ones.

DISTRICT COURT PROCEEDINGS

David Sisk Trial, Extending Into an Evening Session of Court, Brings Verdict for Sisk

FOUND NOT GUILTY OF ASSAULT

Sisk Was Ably Defended by Judge Gustav Halverson, Trial Lasted All Day Monday

Judge C. W. Stanton of Bemidji held a night session of the district court in Brainerd on Monday. David Sisk, charged with assault in the second degree, it being alleged he threatened Hebard Ingalls and James Driver with a double bladed ax on March 29, was found not guilty by a jury out two hours. Sisk was ably represented by Judge Gustav Halverson. Arguments were made at the evening session and the jury returned its verdict before 11 p. m.

AMUSEMENTS

"The Love Special" Scores

Wallace Reid's new Paramount picture, "The Love Special," has scored a tremendous hit at the Lyceum theatre yesterday where it will be on view for

the last times today. It is a thrilling photoplay and from every angle, the production is admirable. The supporting players headed by Agnes Ayres, are excellent.

Mae Murray Portrays Role of Dancer

A brilliant Paramount picture, "The Gilded Lily," starring Mae Murray, will be the feature at the Lyceum theatre on Wednesday and Thursday. The photoplay was produced by Robert Z. Leonard, and is the first Mr. Leonard has made with Miss Murray, his wife, under a new contract with Paramount.

"The Gilded Lily" is reminiscent of the George Fitzmaurice production of "On With the Dance," in which Miss Murray achieved a notable success last year. The bewitching blond star is seen as Lillian Drake, a typical Salomander—one of those women who can take from men and give nothing in return—but though she is all laughter and rouge and silk on the exterior, her one longing is to quit her butterfly life and become a wife.

She has many admirers among whom are Creighton Howard, a typical Broadway man-about-town, and Frank Thompson, a country boy. Frank asks her to marry him and she consents, and, in order to be better fitted to bear his name, she quits dancing and leads a quiet life. Frank is not pleased because he loved her frivolities, and the final twist is more surprising.

Creighton Howard is played by Lowell Sherman, and Jason Robards plays Frank Montgomery. A big cabaret scene in which Miss Murray executes several of her fascinating dances is one of the most striking scenes.

A Much Traveled Band

An organization that has traveled over 400,000 miles during the past twenty years of its existence must be of superior quality or it would not be in such demand. Such is true of the famous "Kilties" Band, and if Andrew Carnegie was giving medals to the most traveled band, the "Kilties" would undoubtedly wear them. The "Kilties" is an unique organization and is quite different from all other similar attractions. Their performances are bright, novel and full of surprises. During the concerts the Bag Pipes are introduced, also the singers, Scottish dancers, soloists, etc. They all appear in full kilted regiments and make a very striking appearance.

They will be at the New Park theatre Thursday, May 18th.

MAJESTIC ARRIVES IN NEW YORK PORT

New York, May 16.—Ahead of schedule on her maiden voyage, the 56,000-ton White Star liner Majestic, biggest in the world, passed Nantucket lights and arrived this afternoon.

She docked shortly before three o'clock with passengers from Southampton and Cherbourg in five and one-half days.

Old Timer is Back

"My friends had all given up and never expected to see me around again. I had given up hoping myself, as no medicine touched my case. The doctors had tried everything. My food did not digest and filled me with gas. My brother in Philadelphia wrote me to try Mayr's Wonderful Remedy. The first dose gave me wonderful relief and I am now as well as I ever was and feel thirty years younger." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Johnson's Pharmacy and leading druggists. Adv.

NORTHWEST NEWS

Gambling a Rage in Winnipeg

Winnipeg, May 16.—Gambling at long range has become a rage in Winnipeg and other Canadian centers.

Pools on baseball and football games in England and European countries, as well as professional baseball games in the United States, have come to the attention of provincial authorities.

Business men estimate that more than \$5,000,000 changes hands every year in these gigantic pools.

Periodic publications are conducting the pools on sport events. Business men claim they have become a menace to the community.

Starting with pools of only a few hundred dollars, the pools have grown to large volume. One weekly publication the first of May announced a pool of \$42,000. This purse is divided 50 per cent for first, 30 per cent for second, and 20 per cent for third prize.

Six pools are now in operation when more are understood to be contemplated. Huge crowds gather when the announcement of winners is made each week. Instances have been known of persons selling automobiles and even mortgaging houses and farms to place money in the pools.

Business men are urging provincial and Winnipeg authorities to abolish the pools as a public menace.

Violating Prohibition Law

Fargo, May 16.—Among the cases on the docket for the U. S. district court opening today, is that of E. E. Harsh, well known local business man, who is being tried for a second time on the charge of violating the prohibition act. The jury disagreed when the case was heard in March, 1931.

Chas. A. Henning will answer for his bulldog, which is alleged to have bitten Lane Malone, prohibition chief, when agents were searching Henning's place on Front street for contraband.

H. E. Day, of St. Paul, will be tried under five indictments. He is accused of violating the prohibition act twice, the Mann act, and internal revenue law and of using the mails to defraud.

Chesbro Smith, J. W. Stittler, and J. A. Nelson, formerly of Fargo, will answer to an indictment for violating the national banking act.

CYCLE OF BUSINESS PROSPERITY SEEN

New York, May 16.—Business is better.

The depression which began in the United States in 1920 and continued throughout 1921, has passed and substantial progress has already been made toward normal activity and a new business cycle has been entered upon. Adverse conditions such as the coal strike, may temporarily retard the upward swing. Other factors, such as widespread crop failures, might even result in recession for a time, but no circumstances can alter the fact that there is now an unsailable basis for confidence in the slow and steady expansion of the commercial and financial activities of this country.

This basis for confidence is fivefold: First—There is plenty of money to be had at reasonable rates both for short time and long time requirements.

Second—Stocks of finished goods and of raw materials have been reduced to reasonable proportions.

Third—Commodity prices are stabilizing.

Fourth—Conditions in basic industries,

including agriculture, are improving and production is expanding. Fifth—Gains are not confined to the United States.

Conditions are improving throughout the world.

Some countries constitute exceptions to this statement, but their bearing on the international situation is not great enough to alter the fact that the world outlook is better with the United States and Canada in the forefront of improvement.

Rates in the various sections of the American money market are now fairly comparable with prewar rates when business activity was normal, if certain periods are excepted when money became redundant because of defects in the banking and currency system of the United States, since largely eliminated by the federal reserve act. The satisfactory position of the federal reserve system and of the member banks is evidence of the solid financial foundation for the business expansion which is now in its initial stages.

MARKET REPORT

(By United Press.)

South St. Paul Livestock

South St. Paul, May 16.—Estimated receipts at the union stockyards today: Cattle, 2,100; calves, 2,200; hogs, 10,000; sheep, 350; cars, 237.

3,500 OVER 100 YEARS

Dr. Copeland Tells the Rotarians at Physical Culture Meeting Held in New York

There are 3,500 people in the United States over 100 years of age, according to Dr. Royal S. Copeland, Commissioner of Health of the City of New York. In his address at the Rotary Club in New York, Dr. Copeland said there was no reason why every man and woman in the country should not live to be 100.

"The chief offenders in wrong living are you business and professional men," Dr. Copeland shot at the Rotarians. "During Physical Culture Week, make up your mind to do your duty towards yourself by daily exercises. Many business men work hard at their desks all week long and then take a week end and play 8 or 10 sets of tennis on Saturday and Sunday and wonder why they feel poorly the next week. Daily exercise is the panacea for what ails you. Make it an every day affair. Take this advice, even though I don't set a good example myself.

"I weigh more than I should. Multiply the number of inches you stand

over 5 feet by 6 and add 110 pounds, and you will get what your correct weight should be.

"A man 50 years of age who is 50 pounds overweight has lessened his length of life 50%. This has been proven by statistics of life insurance companies after studying a half million policy holders' span of life. During Physical Culture Week learn to live right by proper exercise and not eating too much."

Among the other speakers at the

Rotarians' luncheon, which was designated at Physical Culture Day, were: Anthony Fiala, Artic and Tropical Explorer, who told how Colonel Roosevelt kept in good condition, William Muldoon, Chairman of the National Physical Week Committee, who urged the necessity of a 100% life, normal and mental as well as physical, and Bernarr Macfadden, publisher of Physical Culture Magazine, who told the members how to eat and exercise.

Unknown Foods

You do not ask your family to sit down to the table with unknown guests.

Are you equally careful about the meats you invite them to eat? Equally sure of where they come from, what they are, who stands sponsor for them?

Nowadays, fortunately, the risk is not great. But with Swift & Company's products there is none.

Swift & Company's products are the result of years of experience, of careful, conscientious effort.

Their quality is a constant factor, always to be depended upon. The consumer is doubly protected because, in addition to the care used by Swift & Company, Swift's food products are carefully inspected by government employees and bear the federal inspection stamp.

The word "Premium" on ham or bacon means that we stake our pride and the reputation of years on that ham or bacon.

These products have been selected, cured, smoked, and handled by workmen who take the same pride in our products that we do.

Be sure of Swift's products and thus make certain that no strange or unknown food is introduced into the family circle!
